

Custom List Selection (Optional)

You will receive the complete master list containing all farm products in all counties for all crop years. You may also request additional custom lists. Any custom list(s) that are requested will be provided in the same format as the format requested for the master list.

Instructions: For each custom list, indicate the following:

- A farm product or All farm products;
- A county, group of counties, region(s), or All counties; and
- A crop year, range of crop years, or All crop years.

Attach additional pages if necessary for additional custom lists.

See the following page for a list of farm products and counties.
